GLENDALE, April 5.-In the Sunday game between the Glendale Greys and the Wickenburg Miners the Min ers were victorious by the over-whelming score of 14 to 5. The game was played in the Glendale lot and was a most ragged affair. Er-rors of countless varieties were made, which went a long ways toward making the interest lag. However, the boys believe now that they have lost their jinx, in that they have given their new suits a thorough tryout, and in their next game a different MESA, April 5.-City Marshal E.

# Market News

NEW YORK, April 5.— Relaxation of money rates infused a firm to strong undertone to the broader stock market today, many favorite issues, particularly those comprising the speculative groups, registering gross gains of one to nearly four points. Prices were irregular and uncertain 

by leading railroads.

These were offset in a measure by the omission of the Kelly-Springfield tire common cash dividend and cables the omission of the Kelly-Springfield tire common cash dividend and cables which indicated an extension of the British coal strike and signs of acute financial disturbances in Holiand.

Foremost beneficiaries of today's stock market movements were the oils, motors and their subsidiaries, steels, and railway equipments, unclassified issued, profited to a more moderate extent, the list reacting one to two points from top prices in the final hour, when Sumatra tobacco reacted 6½ points, closing at a net loss of 1½. Sales 585.000 shares, Notwithstanding industrial and economic unsettlitment. British French and other important foreign fates of exchange were variably higher. Greek reinittances continued to fall however, with the Danish rate.

Liberty bonds were steady but most domestic and foreign issues were irregular, Pennsylvania railroad 6 ks. making another new quotation at 95.

Tota Isales, par value, \$9,575,000.

CHICAGO EXCHANGE CHICAGO, April 5.— Sentiment became a little more builish today in the wheat market after initial declines due to rains in Kansas and United Pool clines due to rains in Kansas and Nebraska. Opening prices, which ranged from %c decline to a like advance with May \$1.38 to \$1.38% and July \$1.14% to \$1.15%, were followed by moderate setbacks all around and then by a rise to well above yesterday's finish.

Corn hardened with wheat, After opening unchanged to %c higher, including May at 60 to 60%, the market sagged a bit, and then scored general gains.

Oats were governed by the action of other grain, starting ac off to ac up. July 28% to 39, then receded somewhat and later had an upward

firmness to provisions.

Subsequently an opinion became prevalent that rainfalls had been so heavy as to remove for a long time any likelihood of a dry weather scare.

As a result July fell to the lowest price yet this season. The close was heavy, 1½ to 4½c net lower, with Higher quotations on hogs gave heavy, 1% to 4%c net lower, with May \$1.36% to \$1.36%, and July \$1.10% to \$1.11.

By W. H. LINVILLE. Deputy Clerk.

A SQUEEZED LEMON.

"Do you think he realises that?"

"Yes. I'm sure he does; because
now he tells me I'm perfectly well."

FACES DON'T BETRAY CASTE. Generally there is not the marked difference between upper and lower classes in Great Britain that is found in some countries, according to an anthropologist. Among dockers, for instance, features of a type such as you find in the house of lords are common. Class differences in features do not reveal themselves so much in England as in some countries, because privation is comparatively little known in England. Factory girls, for instance, differ very little from girls of the leisure class.—London Maih

The first colors used by artists were various colored earths bound together with honey or gum.

Ath Cliath was an early name for
